IS IT WORTH IT?

By Dan Taylor

It was Spring, 2017.

My lungs were on fire as I gasped for air which was in scarce supply at 11,000 feet. My leg muscles were quivering from exhaustion from carrying my 35 lb. pack seven miles straight up a mountain. I would take 15-20 steps, stop, suck air, then repeat... again and again. I felt God had told me to trek these mountains and pray but now all my prayers were focused on me not collapsing! I was thinking, "I sure hope this is worth the pain." Finally, after several hours we reached the top and I dropped my pack and fell to the ground. As I was trying to recover and feel my legs again I began to look around. We could see hundreds of small villages scattered across the mountains in every direction. From here we began to pray, prophesy and make declarations releasing the Kingdom of God throughout this region. For six days we did this, trekking, sucking air and praying.

Fast forward to Spring, 2019.

I was able to go back to this same region for a visit. This time I met four different pastors that had been working in this area. Each one told me of a great move of God that was taking place. They now estimated that there were nearly 15,000 believers in this region, most of who had come to the Lord in the past two years. During our time of ministry there God used us to bring deliverance, healing and great encouragement to hundreds of new believers.

In this area filled with thousands of temples and false gods, Jesus is making Himself known. Men, women, boys and girls – each one experiencing the joy of freedom and forgiveness. Now in nearly every village that we had prayed over two years ago there are believers and they continue to multiply. We know our prayer journey there was a small part of a bigger picture. Many people have sacrificed, prayed and worked to see this move of God, but in faith and obedience we were honored to play our small part in His Kingdom plan.

We pray. We go. God moves.

This is not just a ministry motto...this is who we are. This is what we do. So climbing up mountains enduring the pain and sucking air until you fall over...is it worth it? Jesus thought so. But instead of carrying a backpack up a mountain He carried a cross. He endured the pain. He shed His blood. He died. "For the joy that was set before Him He endured the cross".

As we go and pray we have the great honor of sharing

in his joy. Thank you for praying for us...for sending us...that we all may share in His joy together. Your support means the world to us and allows us to "go!"

ONCE AGAIN WE ARE READY TO GO. GOD IS READY TO MOVE. LET'S CONTINUE TO PRAY!

We leave June 21st to go back to Egypt, and will meet up with my daughter, Jenni there. I have the honor of performing a wedding for a dear friend in Cairo and will also be prayer walking there and in Alexandria. We then head to India, covering several different areas including visiting the shepherd camps in Kashmir and a one week prayer drive to expand into a new region of the Himalayas. Thank you for continuing to pray.

AN AMAZING ISOM CONNECTION

As we shared in March, we hope to begin International School of Ministry (ISOM) training centers in North India, and asked you to pray. We have found that one of our ministry partners (and his wife) graduated ISOM 7 years ago. He is thrilled with the training and is eager to be our point person to establish these centers. We believe many of those in the region we just visited will greatly benefit from this leadership training. Only God could have arranged this! We are grateful for generous donors who provided this tool.

PLEASE PRAY...

- **For Psalm 91 protection and good health over Dan and his team as they travel Jun 21 to Jul 19.**
- **For our ministry friends who are getting married in Cairo. That the service will be filled with the Presence of God and the bride and groom will be blessed in their new lives together.**
- **There will be breakthrough in each area that we go to pray in the various areas of Egypt and India.**
- **For God's leading as we seek to expand the Kingdom of God into a new region of the Himalayas.**
- **For God to assemble His hand-picked team for our fall trip back into North India - for all travel plans to come together quickly and smoothly.**
- **For our shepherds in Kashmir - that they will be protected from leopards and bears as they take care of the sheep; that Jesus will make himself known to them and a church will be planted in their village.**
- **That ISOM training would quickly be established and grow leaders by the hundreds.**
